

# Wildlife Watch!

There's lots of wonderful wildlife you'll start to see again for the first time this year. Birds returning from warmer climates, animals waking from hibernation - so let's do some wildlife spotting! We've popped a wildlife watchlist below - how many can you tick off? Some are quite hard to spot and may only be seen on sunnier days, or later in March!

Badger cub		<input type="checkbox"/>	Ladybird		<input type="checkbox"/>
Bee		<input type="checkbox"/>	Oil beetle		<input type="checkbox"/>
Brimstone butterfly		<input type="checkbox"/>	Red admiral butterfly		<input type="checkbox"/>
Chiffchaff		<input type="checkbox"/>	Sand martin		<input type="checkbox"/>
Frog & frog spawn		<input type="checkbox"/>	Small tortoiseshell butterfly		<input type="checkbox"/>
Hedgehog		<input type="checkbox"/>	Toad		<input type="checkbox"/>
